

The banner features the sKids logo at the top left, which includes a hand and foot icon and the tagline "Safe Kids In Daily Supervision" and "Kids just love it!". To the right, it says "Proudly brings you" above the large, colorful, stylized word "aimy". A cartoon character with red hair, a blue hat, and blue overalls is on the right side. Below the "aimy" text, there is a group of diverse children. A white box contains the text "The NEW sKids Parent Portal and Booking System". Below this, it lists features: "Convenient online booking 24/7. Accepts Credit Card payments. Quick access to all your booking and invoicing information." A white box also states "Taking bookings from 14th September 2015". At the bottom, it says "Register now at <http://skids.aimy.co.nz>" and "Click on 'Register Now' under the blue 'Log In' button."

01st September 2015

Dear sKids families and parents

Thank you for the privilege of having your children at our sKids out-of-school programmes.

As part of our ongoing commitment to offer our families greater service, convenience and ultimately child safety, we're proud to announce the roll-out of our new **aimy** parent portal.

We started the development of **aimy** over a year ago and now we're ready to make it available to you!

Our sKids St Francis Pt Chev programme will be taking bookings for Term 3 from **14 September onwards**. This will give you two weeks to get your Term 3 School Holiday bookings in before starts on 28 September 2015.

How aimy Will Benefit You:

- convenience of online booking 24/7;
- ability to pay online (including by credit card) – conditions apply;
- quick access to all your booking and invoicing information;
- ability to maintain a live record of any special considerations or requirements specific to your child (eg, health, dietary, disability, behavioural) so these are flagged live each day;
- quick and easy two-way communication and notification;
- photos of the activities and special experiences your child is enjoying at sKids - we'll upload these to your dashboard from time to time where you can view them securely. We know you will just love this feature as it's a great way to keep in touch with what's happening at our sKids programmes.

Getting Started!

We encourage you to set up your own profile - this will help you to quickly get familiar with the system so that you can start enjoying it.

To do this, we invite you to visit <http://skids.aimy.co.nz> where you can get started by:

- clicking on "Register now" under the blue "Log In" button;
- setting up your parent profile;
- entering details of your children; and
- entering details of your authorised pick-ups.

You'll also have an opportunity to upload photographs for you, your children and authorised pick-ups to enhance on-site safety and identification.

It's very straightforward – you only need to set this up once and your details can be updated at any time.

If you're used to online banking, Facebook, trademe or booking flights online, for example, you'll find **aimy** even easier and you should fly through it.

If you have any questions on your set-up just give me a call and I'll guide you through the steps.

You'll also find a bright pink "Pilot Feedback" button on the top left of every screen. If you have any suggestions or feedback on how any page works, please click on that button and send through your comments. Our development team will be reviewing all feedback on a daily basis through Term 3.

Thanks for getting behind **aimy**. We've picked up how to use it pretty quickly ourselves and we're sure that, with a little time to get familiar with **aimy**, you will soon be enjoying it too.

Kind Regards

Jackie Arroyo
